OME is not an eligibility report. It is the coach's responsibility to know for which events your athlete is qualified. You can modify your entry online by adding to the original entry. You may not delete an online entry once it has been submitted/paid for. Once you complete your online entry, you will be sent confirmations via e-mail. Please keep all of these and bring them with you to the meet (just in case).

Drug waiver forms will automatically be sent to you via e-mail after the entry deadline closes. Please have these filled out and bring them with you to the meet.

Secondary Club Recognition

The online entry form contains a space for secondary "club recognition." You may enter a second club for each of your athletes if you wish. The secondary club will be listed in the psych sheet, meet roster and heat sheets, if space is available. Each athlete will have only 16 characters for both his/her club and his/her secondary club. The club does not need to be a USA Swimming member club. It may be any club that your athlete wishes to recognize. Listing this club is for recognition purposes only. Listing this club has nothing to do with representation, team scoring or credentials.

Relay Proof of Time

If you are using a relay entry time achieved as a relay (team time), you must list the four swimmers that actually achieved the time. If your relay is an aggregate, list all of the swimmers and their times. If any of the listed swimmers are not going to compete on a relay, they should not be entered. Enter only those swimmers who may be competing.

- A. Relay teams may be entered at the listed provable time or at the lowest priority non-conforming time standard.
- B. If you are entering an A and B relay, you must use eight (8) different swimmers. You cannot use the same swimmer twice in an event, or to prove a time.
- C. Teams can only submit two relays per event.
- D. Relay qualifying times must be made by swimmers age 18 or under when the qualifying time is achieved.

Waiver and Release Form

The USA Swimming Waiver and Release Form will be automatically generated by the online system. These forms must be submitted at the registration desk. Make copies as needed for each swimmer. Having this completed will save time during check-in at the competition site. Additionally, a parent or legal guardian must sign form if a swimmer is under the age of majority in his/her home state.

Rules

USA Swimming Rules and Regulations will govern the conduct of these Championships. It shall be the swimmers' and coaches' responsibility to acquaint themselves with all of the information contained in this meet information book. No U.S. swimmer will be permitted to compete unless he/she is a member as provided in Article 302. Any U.S. swimmer entered in the meet must be certified by a USA Swimming member-coach as being proficient in performing a racing start. It is the responsibility of the swimmer or the swimmer's legal guardian to ensure compliance with this requirement. This event and associated time trials are held under the sanction of USA Swimming. It is understood and agreed that USA Swimming shall be free from any liabilities or claims for damages arising by reason of injuries to anyone during the conduct of the event.

Membership Requirement

All persons expecting to receive a deck pass should be prepared to show a current USA Swimming membership card. Non-members who have successfully completed the Athlete Protection Training (APT) course and a USA Swimming background check may join on site at the registration check-in desk. Information regarding the APT course and the background check will be available at meet check-in and is also online at usaswimming.org/protect. Coaches must provide proof of CPR, First Aid and Safety Training for Swimming Coaches or USA Swimming approved equivalents, and must have successfully passed the required background check and APT Course.

No swimmer will be issued credential without a coach member present. If the home club coach is not planning to attend event, swimmer must be assigned a supervising coach. Arriving with fellow LSC club/coach is preferred. However, if a swimmer arrives without a coach, he/she must find a willing coach at the facility to sign supervision form before a credential can be issued.

SWIMS Database—Proof of Time

Times from the following will be in SWIMS, the national times database. Times in the database are not automatic entries to meets.

- A. USA Swimming Sanctioned competition
- B. USA Swimming Approved competition - Check two weeks before the competition to assure the meet has been approved by the LSC, and prior to the start of the competition, ask the Meet Director for the procedure for getting a time into SWIMS.
- C. USA Swimming Observed swims - Be sure a proper request for an Observed Swim is made according to guidelines appearing in the USA Swimming SWIMS Time Module Policy Manual, and prior to the start of the meet, verify that proper procedures are in place for the Observed swim.
- D. The time of any swimmer recorded while legally representing a USA Swimming club, secondary school, college or university within the appropriate time frame may be used in proving relay entry times and that swimmer does need to be entered in the championship in question or currently representing that club. Relay times belong to the team. Individual times belong to the swimmer.

Entering Official Times

Individual Events - All individual entry times must be made prior to the entry deadline and must be proven prior to the scratch

deadline for that event through the SWIMS Database. No swimmer will be permitted to swim without said proof. Program Operations reserves the right to challenge any submitted time. All scratches must be proven.

Relay Events - Entered times must be proven prior to the scratch deadline for each relay team, in aggregate or as a team. For the purpose of proving times, a club may name a swimmer on only one of its relay teams in each event. Once the relay team or teams have been proven, any swimmer listed by that organization on the entry is eligible to compete on that relay team. Relay teams may be entered at the listed provable time or at the lowest priority non-conforming time standard. This choice must be indicated during the entry process. A club may enter no more than two relay teams in each relay event.

Responsibility Clause

The coach, swimmer or swimmer representative who enters a USA Swimming Championship thereby attests that all times stated are true and correct as achieved qualifying times for each event entered. He/she assumes all responsibility for false or incorrect times, or times which are unacceptable under USA Swimming rules, and shall be assessed a \$100 penalty payable to USA Swimming for each such time entered, unless absolved of the fine by the Vice President of Program Operations or designee or Board of Review. Additional action or penalty may be taken or levied as deemed appropriate by the USA Swimming.

Such penalty shall also be levied against any USA Swimming verification officer who knowingly entered such a false time(s) into the SWIMS Database.

Appeal of fines are to be made to the Vice President for Program Operations or designee and/or Board of Review. Any appeal of the decision of the Vice President for Program Operations or designee shall be in accordance with the provisions of Part Four, specifically Article 405.

Automatic Proven Times

Times submitted to the USA Swimming SWIMS database no later than 20 days prior to the Championships will be in the database. If a time for a swimmer is visible in the public search feature on the USA Swimming website (Times/Time Standards) and it was swum in the appropriate qualifying period, it is considered a proven official time. Entry times not proven by the scratch deadline for the event will be considered as false or incorrect times and are subject to action under provisions of the USA Swimming Rules and Regulations.

SWIMS data entry from properly authorized and observed college meets must be requested. These times will not be automatically placed in the database. Times from all major international championships will be automatically entered in the database. Times from any other meets in which National time standards were met must be requested from the SWIMS Time Official in the LSC in which the meet was held. LSC officials may charge a fee for data entry requested after the meet ends.

Note: Relay lead offs and/or intermediate split times must be requested from the SWIMS Time official in the LSC where the time was achieved. Requesting SWIMS data entry won't enter a swimmer into a competition nor place your club on the USA Swimming mailing list.

Registration

Credentials for this event will be provided at no charge for par-

ticipating athletes and officials who are members of USA Swimming. Credentials for coaches, managers and chaperones to serve as deck passes for this event shall be issued to those persons listed on each team's deck pass request list in OME. These deck credentials cost \$20 each and are issued according to the following schedule, based upon the total number of participating athletes. There shall be a surcharge of \$20 per person for spectator passes, which money shall become the property of the meet host. For clubs that wish to bring one certified massage therapist with their teams, a \$50 surcharge will apply if the massage therapist exceeds the deck pass formula below. All massage therapists must be non-athlete members of USA Swimming.

Check-In

Coaches are responsible for all business conducted at the General Meeting. If, for any reason, you cannot attend the meeting, be sure to find out what occurred. You must arrive prior to the scratch deadline for your swimmer's first event to prove times if necessary.

- B. Review the psych sheet posted by the Times desk and make sure your swimmers do not have an asterisk (*) by their time.
- C. In the event of an asterisk, go to the Times desk immediately and clear the time. It is your responsibility to do this. If it is not cleared by the scratch deadline, the swimmer will be scratched from the event. If a time cannot be proved, the coach is subject to a \$100 fine. You should make sure all your athletes' times are in the SWIMS database.
- D. If you have a distance swimmer (800 meter or 1500 meter), he/she must be checked in prior to the scratch deadline in order to be seeded.

Warm-Up and Safety

Program Operations will provide a complete schedule of warm-up procedures to include lane usage and times, which must be adhered to by all participants. This information will be distribut-

ed with the meet information at registration, posted throughout the venue, announced on a regular basis before and during the meet, and monitored by the Meet Referee (or his/her special designees). Flagrant violation of these procedures may result in a disqualification from the meet for unsportsmanlike activity. Encourage your swimmers to cooperate with marshals. These Championships are subject to Doping Control.

All athletes at this competition are subject to drug testing conducted by the United States Anti-Doping Agency (USADA), WADA, and/or FINA under the In-Competition Testing program. This section is intended to give an overview of the key points relevant to this program and the testing which will be conducted at the competitions governed by this booklet. **Athletes should** visit <http://www.usada.org/athletes/antidoping101/> for important information that all athletes and their parents must be aware of. Key details from that document are listed below. Athletes should check their medications prior to use and note that **some medications may require approval that will take at least 21 days.**

What substances are banned?

Per USADA: "As a signatory to the World Anti-Doping Code, USADA tests for substances and methods found on the World Anti-Doping Agency [Prohibited List](#). It's important that athletes are aware of the substances and methods on the Prohibited List, as an athlete is responsible for any prohibited substance found in their body, regardless of intent. It's also important to understand that certain substances are prohibited at all times, while others are prohibited only during competition. In some cases, a substance is only prohibited in a certain sport. Use the resources on this tab in conjunction with the next step about medication and the resources available pertaining to medication to determine whether or not a substance is prohibited." [Read the Athlete Guide to the WADA Prohibited List](#)

What about medication?

Per USADA: "Athletes need to be aware of the prohibited status of any medication they are taking, whether it be an over-the-counter or prescription medication. The easiest way to understand your medication is to use USADA's [Global DRO](#) service, where generic and name brand products, or specific medications, can be searched. Results will yield information including the in- and out-of-competition status, any threshold information, as well as sport specific information for those substances prohibited only in certain sports. Athletes or their support team can also speak to an expert by phone during business hours [8am – 5pm Mountain Time Monday-Friday] by calling [Athlete Express at 719.785.2000](#).

The [USADA wallet card](#) also provides information on the most commonly ingested medications.

If and when a medication is prohibited, athletes may choose to stop taking or replace the medication with a non-prohibited substance or explore the [Therapeutic Use Exemption](#) process.

Your health is your first priority. Any decision to stop or start a medication should be made in consultation with your medical provider.

It's important to understand that Dietary Supplements are not medication. They are regulated and manufactured differently. For these reasons,

USADA is unable to provide guidance on specific dietary supplement products. For more information visit [USADA's Supplement 411 resource](#)."

Therapeutic Use Exemptions?

Per USADA: "In some situations, an athlete may have an illnesses or condition that requires the use of medication listed on the World Anti-Doping Agency's [Prohibited List](#). A Therapeutic Use Exemption or TUE provides permission for an athlete to have a prohibited substance in their body at the time of a drug test. The process for obtaining a TUE is thorough and balances the need to allow athletes access to critical medication while upholding clean athletes' rights to compete on a clean and level playing field. In some cases, the TUE requirements are different for national-level athletes vs. non-national level athletes. Athletes interested in obtaining a TUE should visit the [Therapeutic Use Exemption page](#), where they can determine if they need a therapeutic use exemption, begin the application process, and find answers to the most frequently asked TUE questions."

Understand the Sample Collection Process:

Per USADA: "Athletes selected for testing are subject to both blood and urine testing. The processes are designed to be both effective in preserving the integrity of the sample, yet safe and comfortable for the athlete. Understanding the processes as well as an athlete's rights and responsibilities can help to make them less intimidating. There are additional considerations for minor athletes and disabled athletes. Learn more about the sample collection processes [here](#)." NOTE: Minor athlete should always have a representative with them in doping control.

Per established doping control testing protocol a Witnessing Chaperone must directly observe an athlete providing a sample. The witnessing chaperone is always someone of the same gender as the athlete. To protect the rights of a minor athlete, someone must observe the witnessing chaperone observing the athlete as they provide a urine sample. That person cannot see the athlete – they can only see the witnessing chaperone watching the athlete. Per USADA's established protocol the athlete has the right to choose who will be in that role. In the event that a coach acts as an Athlete Representative for an athlete of the opposite gender, they may request that someone on USADA's crew observe the witnessing chaperone observing the athlete. Then the coach can be the athlete representative for the rest of the processing of the paperwork.

Doping Control rule for athletes previously eligible for out of competition drug testing:

Athletes who were previously eligible for out of competition (no-advance-notice) doping control and officially retired have a 6 month waiting period before they can compete (should they choose to return to competition) and must again be subject to out-of-competition testing during this reinstatement period. The athlete is not permitted to compete in any USA Swimming sanctioned events (local competitions all the way up through National competitions including meets with a dual sanction from Masters and USA Swimming) or FINA sanctioned events. If you have an athlete in this situation, please email smichael@usaswimming.org immediately.
